COMMENCEMENT SPEAKER

Ryan M. Lance has served as chairman and chief executive officer of ConocoPhillips, one of the world's leading exploration and production companies, since 2012.

Ryan is a petroleum engineer with four decades of oil and natural gas industry experience in senior management and technical positions with ConocoPhillips, predecessor Phillips Petroleum and various divisions of ARCO. His past ConocoPhillips executive assignments included responsibility for international exploration and production, regional responsibility at various times for Asia, Africa, the Middle East and North America, and responsibility for technology, major projects, downstream strategy, integration and specialty functions.

Externally, Ryan is a board member of the National Fish and Wildlife Foundation, and a trustee of both the George and Barbara Bush Foundation and PGA Reach. He is also an advocate for charities benefiting youth through his service on the board of Spindletop International. He is former chairman of the American Petroleum Institute currently serving on its Executive Committee, and currently Vice Chair of the National Petroleum Council and on the Business Roundtable Board.

Ryan is a member of the Society of Petroleum Engineers. He earned a Bachelor of Science degree in petroleum engineering from Montana Technological University in Butte in 1984.

STUDENT SPEAKER

A Montana native with a strong foundation in electrical systems, **Cody Skibsted** served six years in the Navy maintaining combat aircraft. Transitioning to civilian life, he worked on firefighting air tankers in Missoula before leveraging his extensive aircraft electrical expertise to pursue a bachelor's degree in electrical engineering (Spring 2025) and master's degrees in electrical engineering and project engineering and management (in progress) at Montana Tech. Outside of his academic pursuits, Cody and his wife enjoy time on the river and connecting with family and friends.

EARLY IMPACT AWARDEES

The Early Impact Alumni Award is given to Montana Technological University alumni who have already made a lasting impact to their community, Montana Tech, and their profession. This award celebrates alumni who have made an early impact after graduation and shown tremendous potential in their professional field. Awardees are great examples to current students at Montana Tech that their potential with a world-class education from Montana Technological University is limitless.

Brianne McClafferty, a Butte native, earned her B.S. in Business and Information Technology-Management from Montana Tech in 2012, where she was a standout on the women's basketball team and received the Dr. Leroy Walker Champion of Character Award. She went on to earn her J.D. from the University of Montana in 2015, clerking for U.S. District Judge Brian Morris.

McClafferty joined Holland & Hart, LLP in 2016, specializing in complex litigation, and became a partner and administrative partner of the firm's Billings office in 2024. She currently lives in Billings with her husband, Michael Hawbaker.

Dr. R. Nick Gow (B.S. Metallurgical Engineering, '08; B.S. Chemistry, '11; M.S. Metallurgical Engineering, '08) of Butte, is a senior study lead for the mineral processing group at Paterson & Cooke. Gow earned his interdisciplinary Ph.D. in Chemistry and Metallurgical Engineering jointly from the University of Montana and Montana Tech in 2015.

Gow has authored 15 technical papers published in professional journals and has served as a technical organizer for several international conferences. He is an active member of five different professional associations including the Mining and Metallurgical

Society of America (MMSA), the International Cyanide Management Code (ICMC), National Council of Examiners for Engineering and Surveying (NCEES); Accreditation Board for Engineering and Technology (ABET); and the Society for Mining, Metallurgy, and Exploration (SME). He also serves as an associate editor for the Mining, Metallurgy and Exploration (MME) journal.

A dedicated volunteer within SME, Gow currently serves as an intern for the SME Board of Directors. In 2023, Gow received the Ivan B. Rahn Education Award, which recognizes distinguished contributions to the educational activities within SME and is open to all SME members who have shown long-term interest in and have significantly contributed to SME activities relating to ABET, student affairs, continuing education, professional registration, and/or the Council of Education.

Gow is married to Cynthia Gow, and has two children. He was nominated for the Early Impact Alumni Award by Dr. Kathleen Altman, Sean Armstrong, Adam House, Dr. Ronel Kappes, Diana Rodriguez and Dr. Courtney Young.
