

Full Faculty Meeting Summary

10/25/2023

- I. Proposals to modify FS handbook section 205.7 were discussed. Two proposals were available to review by all faculty in a timely manner. A motion was made to adopt the first proposal (modifying existing FS handbook language where department heads choose the non-union merit award winners) and seconded. This motion included adding language from the second proposal to ensure librarians were eligible for merit awards. A friendly amendment was offered to change “very good” to “satisfactory”. That amendment was accepted. The motion passed without further discussion.
- II. Leslie Dickerson presented information related to current enrollment and plans to increase enrollment.
- III. Kat McCormick presented information on the learning management system transition from Moodle to Canvas.
- IV. NW reaccreditation was not discussed due to time.
