

Authorization for Release of Information - OPTIONAL

Dual Enrollment Student Authorization for Release of Information:

Dual Enrollment:

The dual credit program is a joint program between a college of the Montana University System (MUS) and your high school. As a joint program, the college and your high school have determined that it is administratively necessary for attendance and grades earned in college classes be shared with your high school. No academic information from the college which you are enrolling will be released to your parents unless you expressly consent to such disclosure below.

College-Credit-Only:

The release of student information to a student's parent by either the high school or college, will be governed by the State and Federal laws governing those separate institutions. As a result of such laws, the college will not release information to your parents unless you expressly consent to such disclosure below.
