

Hello ,

The Higher Education Act requires that every student who applies to a program designed to meet education requirements for a specific professional license or certification that is required for employment in an occupation receive the following information:

Montana Tech has determined that the Nursing program meets the educational requirements necessary for the student to seek licensure/certification in the state of Montana. Montana Tech as not made a determination that its curriculum meets the state educational requirements for licensure or certification in any other state.

Please contact Interim Director of Nursing, Janet Coe, if you have any questions about licensure requirements. She can be reached at jcoe@mtech.edu.

Sincerely,

Leslie Dickerson
Executive Director of Admissions & Enrollment
